## Forward With TAP

Welcome to the 2014-2015 school year. We are so excited about TAP and ready for this awesome year of learning new strategies and implementing good teaching.

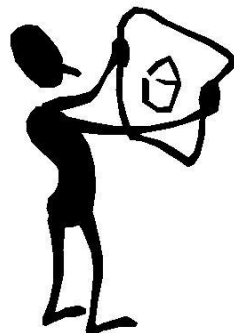

We will begin Clusters the week of July 28 with a differentiated schedule. Please see blackboard for your day and time.

Cycle 1 will be all about the rubric. Newer teachers to TAP will be able to gain knowledge of the rubric and how it looks in their classroom. Those teachers that have been in TAP for a short time will dig in deeper and make sure that you have a deeper knowledge of the rubric.

Those teachers that have been in TAP for 2 or more years will the opportunity to do some project based learning.

At the end of the 2013-2014 school year we thought about all the strategies we did throughout the year. We figured out some ways to continue to use them in our classrooms for the upcoming year. A lot of these strategies can be used throughout the entire year and now is a great time to start implementing them.
